Zetclass

User Guide

Simple, step-by-step guides for everyone who uses Zetclass.

Last updated: 5 Nov 2026 **App version:** 20261125

Which guide do I need?

1 · Everyday sign-in — for all users

Teaching staff, non-teaching staff, Admin, Director and Parents: how to sign in, change your password and what you can see.

2 · School Admin — register and set up

For the person who signs the school up for the first time: registering, setting up, adding staff, verifying the school, subscribing and backups.

3 · App Admin — the Zetclass owner control room

For the Zetclass owner only: signing in at zetclass.com/admin, managing schools, trials, payments and ownership checks.

3b · Special section — where school data is saved

Owner only: where every school's information lives, how it is kept apart, and how to back it up. Filed under the App Admin guide.

WORDS YOU WILL SEE IN EVERY GUIDE
